TO: ALL AUTHORIZED G.E. ELEC-TRAK TRACTOR DEALERS OF RECORD
AS OF AUGUST 2, 1974, IN AREAS SERVICED BY INDEPENDENT
DISTRIBUTORS

Wheel Horse has prepared this brochure to eliminate misunderstandings of our policies and to explain the procedure for you to continue to service and perform authorized warranty service work on the G.E. "Elec-Trak" brand of battery-powered equipment you have sold or have in stock.

Wheel Horse is most anxious to assist you in obtaining your requirements for spare parts in a prompt and efficient manner.

You are located in an area serviced by an independent distributor:

Mr. Terrance Brawley
Brawley Distributing Company
Box 488
New Cumberland, Pennsylvania 17070
Phone (717) 938-1831

We suggest you contact them and arrange for your company to be able to purchase spare parts for G.E. Elec-Trak units from them. We are confident they will offer prompt and continuous service to you.

Initial inventories of G.E. Elec-Trak spare parts have been shipped to them, however, it will take some time to determine the correct mix of parts and for us at Wheel Horse to replenish the factory inventories which were very low on many critical items.

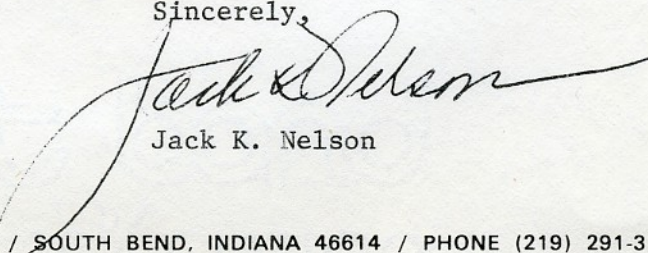

Should you elect not to continue to service G.E. Elec-Trak equipment and decide you do not want to purchase spare parts for G.E. Elec-Trak units, we would appreciate it if you would so inform us by return mail.

You should note that all dealer delivery reports for G.E. Elec-Trak tractor sales to consumers or commercial customers should be submitted directly to Wheel Horse at the address below.

If you have any specific questions not answered in this brochure, please write or call:

Wheel Horse Products, Inc.

OLD G.E. ELEC-TRAK ATTACHMENTS AND ACCESSORIES

Wheel Horse does not plan to continue to manufacture the old G.E. Elec-Trak attachments and accessories. However, a limited inventory of some items is available.

They are offered on a first-come, first-serve basis and all orders are subject to prior sale.

In certain cases current Wheel Horse attachments may fit old G.E. models (refer to the interchangeability list in Section # 5)

The attached list shows the items which are available as of December 1, 1974.

Please contact your regional distribution center or the independent distributor serving your area for price quotations.

On the following pages are the six (6) specific statements of Warranty and one Warranty Policy statement on attachments as provided by the Outdoor Power Equipment Operation of the General Electric Company to Wheel Horse Products, Inc.

They are the basis for all warranty procedures in this brochure:

IMPORTANT NOTE

1. Wheel Horse has agreed to honor valid warranty claims under the specific terms of these six (6) warranty statements only.
2. Specific written approval from G. E. for any exceptions must accompany each warranty claim which is not covered by these warranty statements.
3. These procedures cover only G. E. Elec-Trak brand tractors and attachments purchased from G. E. (O.P.E.O.) prior to August 2, 1974. "Wheel Horse" brand battery-powered tractors, riders and attachments are covered by separate Wheel Horse warranty policies.
4. All New Dealer Delivery Reports on G. E. Elec-Trak tractors and/or riders sold after August 2, 1974 should be submitted directly to Wheel Horse.

WARRANTY STATEMENT

ELEC-TRAK GARDEN TRACTOR

MODELS E12, E12M, E12S, E14, E15, E16, E20

"General Electric Company warrants that it will repair or replace without charge to the original purchaser, f.o.b. factory, including cost of parts and labor for replacement, any part of the G.E. Elec-Trak garden tractor, rotary mower, snow thrower and snow dozer blade attachments with which this warranty is furnished that proves to be defective in material or workmanship within 12 months in ordinary home use (3 months if in commercial or institutional use) following the date of sale. This warranty does not apply to the power pack, which is separately warranted and offers additional replacement coverage. These warranties do not apply to any repair or replacement made necessary by special use applications not recommended by G.E. or improper use or maintenance, or by abuse or accidental damage.

The foregoing warranty states the entire obligation of General Electric Company with respect to said products and is in lieu of any and all other warranties, express or implied, NO WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE SHALL APPLY. MODELS E10M, E12, E12M, E14, E15, E16, E20

"General Electric Company warrants that it will replace without charge, to the original purchaser, f.o.b. factory, any individual Elec-Trak garden tractor Power Pack unit with which this warranty is furnished if it fails because of defects in material or workmanship within 24 months in ordinary home use (six months in commercial or institutional use) following the date of sale. After 24 months in home use, but within 60 months following the date of such sale a power pack will be replaced at a pro rata service charge equal to 1/60th of the list price for replacement units multiplied by the number of months which have elapsed from the date of original purchase to the date of failure. Labor and service call charges during the first 12 months in ordinary home use (3 months if in commercial or institutional use), will be covered as stated in the tractor warranty. Service calls and labor after the first 12 months are the responsibility of the owner. This warranty does not apply to any replacement made necessary by improper use or maintenance, or by abuse or accidental damage. A replacement unit will carry the above 24 month warranty and thereafter will be considered to be installed on the same date as the other units in the power pack for pro rata adjustment. (See note of clarification below).

The foregoing warranty states the entire obligation of General Electric Company with respect to said products and is in lieu of any and all other warranties, express or implied. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE SHALL APPLY. IN NO EVENT WILL THE COMPANY BE LIABLE FOR INDIRECT OR CONSEQUENTIAL DAMAGES."

NOTICE

The General Electric Company, Outdoor Power Equipment Operation, on May 8, 1973, via Service Bulletin #73-2, modified its warranty policy statement for ALL ELEC-TRAK units as follows:

"TRANSAXLE WARRANTY REPAIR

In-warranty transaxle repairs on all Elec-Trak tractor models are to be performed by Tecumseh-Peerless factory authorized outlets. The following procedures should be followed on repairs:

- a. Locate the nearest Tecumseh-Peerless representative from the telephone yellow pages, listed under "Engines-Gasoline". (Some Elec-Trak tractor dealers may also be Tecumseh-Peerless representatives).
- b. Make arrangements with the factory repair outlet to have the unit repaired. The complete tractor, if possible, should be delivered by the dealer to the repair outlet. Evidence of tractor date of sale should be presented to assure the warranty is in effect.
- c. If the unit is in warranty, the factory outlet representative will repair or replace the transaxle at no charge to the dealer.
- d.* Claims for in-warranty labor and parts for transaxle repairs will not be paid by General Electric. All repairs by non-factory authorized outlets will void the transaxle warranty and are not reimburseable."

Therefore, Wheel Horse will not accept claims for in-warranty repair on any Tecumseh-Peerless transmissions.

* Note: (Paragraph "d" was further modified effective 11/15/74 by O.P.E.O.)

5. Please read this brochure carefully. You will avoid misunderstanding and avoid delays in processing your claims.
6. Credit will be issued to you on the basis of dealer net cost using the Wheel Horse established Suggested List Price in effect at the time of processing this claim (a copy of the current Suggested List Prices will be found in Section # 4.)
7. You will receive a "credit voucher" which you may use to pay your account with Wheel Horse. (See Section # 3, Bulletin # 2, page 4)
8. You will receive a credit allowance for labor of \$8.00 per hour based on the G.E. part number time allowance schedule in effect on August 2, 1974 as provided to Wheel Horse by G.E., O.P.E.O.

9. Each warranty claim will be screened by G.E. to verify that a dealer delivery report has been submitted showing date of sale to original owner. If the dealer delivery report is not on file, the claim will be returned unpaid to the dealer.

10. No payment for travel time or diagnostic time will be allowed on claims processed after 11/2/74.

11. Warranty Credit Vouchers:

On our Warranty Program we issue credit vouchers instead of credit memos. This is done in order to get credit to you rapidly and in a tangible form.

These vouchers look similar to a check and are indeed the same as cash with us. You need only to endorse them and return them along with any remittance to use them.

Since they are like cash they must be used like cash. You must pay definite invoices with them which means you have to send a remittance along with the voucher to make up the exact amount of the items you are paying.

A. Payment in Cash

If you want to be paid in cash return the credit voucher to Wheel Horse, properly endorsed with a request for reimbursement and Wheel Horse will issue a check for the amount of the claim, providing dealer's account, if any, is current.

12. ITEMS NOT COVERED BY ELEC-TRAK WARRANTY

- A. Shipping or handling damages.
- B. Expense of travel to the location of the equipment.
- C. Expense of transporting equipment to or from any dealer or other service point.
- D. Labor or transportation charges for power pack service or warranty work after expiration of normal tractor labor warranty.

INSTRUCTIONS TO COMPLETE WHEEL HORSE-ELEC-TRAK WARRANTY CLAIM FORM #A-1361

A. PREPARATION

1. Claim must be complete and will be rejected if not properly filled out.
2. Prepare a separate claim for each serialized unit repaired.
3. If no labor is involved, or if no parts are being replaced, write NONE in the appropriate space.
4. RETURN NO PARTS until you receive a factory return goods authorization card. Parts received without this card will be refused. (See page 3 of this Bulletin)
5. Hold all warranty parts until you receive your credit voucher. If we want parts returned, we will send you a return goods authorization card - with instructions for returning parts.

B. SUBMISSION OF A WARRANTY CLAIM REPORT

1. You have 30 days to file a claim report.
2. All claims must be received at the factory within 30 days following date of repair.

REMEMBER - Your customer must sign all copies for the claim to be valid (if it's warranty work). You must also sign all copies for the claim to be valid.

C. REJECTED CLAIMS

1. If we send it back to you, we will tell you why.
2. You have 20 days to return the claim if a correction is necessary.
3. You have 20 days to file an appeal if your claim is denied.

D. COMPLETE ASSEMBLY REPLACEMENT NOT AUTHORIZED

1. For electric motors - drive, lift and mower. These must be repaired when possible and are not to be replaced as complete assemblies, unless specifically authorized in writing by Wheel Horse.
2. Complete transmissions, drive axles, complete power packs, chargers, wiring harnesses and speed controls must be approved before replacement.
3. No warranty claim for the above will be processed without the special approval letter attached to the warranty claim.

E. WARRANTY CLAIM PAYMENT

1. After approval, a copy of your claim will be returned to you with a credit voucher, redeemable by either our authorized distributor or factory branch.
2. Claim numbers covered by each voucher will be shown in the upper left hand corner of voucher. (See page 4)
3. Check your retained copy of the claim with the voucher you received; if a question is in order, write or call us. We must have the voucher number and the claim number to expedite our answer. (See page 4, this bulletin)
4. If you file a claim and do not receive your voucher or a rejected claim within 20 days, write or call us with the claim number and date you filed.

F. WARRANTY PARTS RETURN

1. Any parts which we require you to return to the factory will be so noted and a return card authorization will be included with the copy of the claim and the voucher mailed to you.
2. If we ask you to return parts, your voucher will not include payment for the parts. Payment, again by credit voucher ----- will be sent you after the parts are received by Wheel Horse.

SUGGESTED LIST PRICE POLICY

The suggested list prices shown in this catalog are for retail selling reference only. It should be understood that you are free to establish your own selling prices for these parts.

INSTRUCTIONS FOR ORDERING AND RECEIVING PARTS

1. Order from your authorized Distributor or Regional Distribution Center.
2. Order by part number and quantity.
3. Please place all part orders in numerical sequence by part number.
4. Specify the delivering carrier on each order.
5. Thoroughly inspect each shipment in the presence of the Delivering Carrier as that Carrier is responsible for the condition of the material delivered. File a claim with the Carrier if merchandise is delivered in damaged condition.
6. Report shortages in parts shipments to your Authorized Distributor or Regional Distribution Center within 10 days of receipt of shipment.
7. Save all packing slips to compare with the invoices and monthly statements for those parts.

WHEEL HORSE SPARE PARTS WARRANTY

"Wheel Horse Products, Inc. warrants that it will replace without charge any new "Wheel Horse" brand spare part which proves to be defective due to faulty workmanship or material in manufacture within 3 months (90 days) after purchase.

If the spare part is a warranty replacement, our warranty applies for the duration of the original warranty period or 90 days, whichever is longer.

Spare parts for engines and Peerless Transmissions are guaranteed separately by their manufacturer. Batteries are covered by a separate warranty. This warranty covers the replacement of defective parts only. All labor, transportation costs and dealer service charges are the responsibility of the owner. All claims must be handled through an authorized Wheel Horse dealer.

Wheel Horse Products, Inc. reserves the right to change spare part specifications and/or to delete or substitute spare parts at any time without notice and without incurring obligation.

The foregoing warranty states the entire obligation of Wheel Horse Products, Inc. and is in lieu of all other warranties whether expressed or implied."

All Prices, Terms, Specifications and Conditions of Sale are Subject to Change Without Notice.

G.E. ELEC-TRAK INTERCHANGEABILITY LIST 1970-1974

On the following pages in this Section is a document called an Interchangeability List. Here's how it works.

1. If you have a G.E. made attachment in your inventory, look up the model description in the left hand column then follow it across to see which G.E. Elec-Trak models it fits.
2. The far right hand column tells you if a Wheel Horse made attachment is now available. For example, if an owner of a G.E. model E20 wants a tiller, a Wheel Horse model number 7-1270 is interchangeable with the G.E. tiller model.

All known attachments available from G.E. in the 1970-1974 period are shown in the left hand column in alphabetic-numeric sequence for easy reference.
