

Elec-Trak[®]

Outdoor Power Equipment

ORIGINAL OWNER WARRANTY

POWER PACK WARRANTY

General Electric Company warrants that it will replace without charge f.o.b. factory, an ELEC-TRAK garden tractor power pack with which this warranty is furnished if it fails because of defects in material or workmanship within 24 months in ordinary home use (six months in commercial or institutional use.) After 24 months in home use, but within 60 months following the date of such sale, the power pack unit will be replaced at a pro rata service charge equal to 1/60th of the list price for replacement units multiplied by the number of months which have elapsed from the date of original purchase to the date of failure. This warranty does not apply to any replacement made necessary by improper use or maintenance, or by abuse or accidental damage.

The foregoing warranty states the entire obligation of General Electric Company with respect to said products and is in lieu of any and all other warranties, express or implied. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE SHALL APPLY. IN NO EVENT WILL THE COMPANY BE LIABLE FOR INDIRECT OR CONSEQUENTIAL DAMAGES.

TRACTOR WARRANTY

General Electric Company warrants that it will repair or replace without charge, f.o.b. factory, any part of the ELEC-TRAK garden tractor, mower, snow blower, dozer blade and tiller attachments with which this warranty is furnished which proves to be defective in material or workmanship within 12 months in ordinary home use (3 months if in commercial or institutional use.) following the date of sale to the original purchaser for use. This warranty does not apply to the power pack which is separately warranted, nor does it apply to any repair or replacement made necessary by improper use or maintenance, or by abuse or accidental damage.

The foregoing warranty states the entire obligation of General Electric Company with respect to said products and is in lieu of any and all other warranties, express or implied. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE SHALL APPLY. IN NO EVENT WILL THE COMPANY BE LIABLE FOR INDIRECT OR CONSEQUENTIAL DAMAGES.

OUTDOOR POWER EQUIPMENT OPERATION
 GENERAL ELECTRIC COMPANY
 CORPORATIONS PARK
 SCHENECTADY, N. Y. 12305

GENERAL  ELECTRIC

PRINTED IN U.S.A.

WARRANTY COVERAGE AND ADJUSTMENT POLICY

A. COVERAGE

All products manufactured and sold by the GE Outdoor Power Equipment Operation under the GE Monogram including:

- The entire tractor and all major components thereof.
- All mowers and snow blowers.
- Other products as specified.

Equipment which has been repaired, altered or modified so as to affect its operation or reliability (except for factory recommendations performed by an authorized representative). The Company assumes no obligation to repair or replace parts whose failure is related to modifications or alterations of equipment in ways not recommended by the manufacturer.

Misuse of equipment, neglect, or accidental damage.

B. PARTS & SERVICE COVERAGE

Replacement of parts proven defective in material or workmanship and necessary labor for dealer to install such parts in accordance with the published warranty and within the warranty period.

The warranty period (except for the power pack which is a separate warranty) runs for 12 months, beginning at date of sale. When the Company receives the delivery report made out by the dealer immediately following the act of purchase, a formal validated warranty will be sent to the purchaser by GE.

Dealers have no authority to make any representation or promises on behalf of General Electric, or to modify the terms of limitations of the Warranty in any way.

C. EXCLUDED FROM WARRANTY REIMBURSEMENT ARE:

- Shipping or handling damages.
- Expense of travel to the location of the equipment.
- Expense of transporting equipment to or from any dealer or other service point.
- Services which the dealer is normally responsible for such as:
 - Set up and adjustment of equipment.
 - Instruction in operation and care of equipment and recharging.
 - Dealer call backs for instruction in operating vehicle or accessories.
 - Minor adjustments.

D. WARRANTY CLAIM PROCEDURE

Customer requesting warranty service must present this Warranty or a dated and authenticated Bill of Sale to the authorized dealer who will determine if the request is covered by the warranty and falls within the warranty period. Where there is a doubt that the repairs are covered by the warranty, the customer should be charged with the understanding that a warranty claim will be submitted by the dealer to the General Electric Company. (GE will also check warranty claims to be sure they fall within period before crediting dealer.)

The dealer will repair equipment or exchange parts or batteries found defective at no charge to the customer. Replacement of parts not included under the warranty will also be provided as a part of the dealer's normal service at regular rates and prices.

All defective parts will be retained by the dealer for a period of 60 days with the exception of those major components noted below which should be retained for inspection by the territory manager, and possible later return.

E. SUBMITTING WARRANTY CLAIMS

Dealer will fill out the factory Warranty Claim Report completely and submit the following information within 15 days: (note procedure for also reporting claims on major components)

- Customer's name, address, phone and signature.
- Model no., serial no. and date of purchase.
- Details of Defective condition.
- Details of Work Performed including hours worked.

ORIGINAL OWNER POWER PACK WARRANTY COVERAGE AND ADJUSTMENT POLICY

All power pack warranties apply only to the original owners of Elec-Trak batteries supplied with the tractor by franchised General Electric dealers.

A. WARRANTY PERIOD

Any battery which fails (not merely discharged) due to defects in material or workmanship within two years will be repaired or replaced, at the option of the General Electric Company, F.O.B. plant or common authorized place of business. (A battery failure is defined as inability of battery to carry a 75 ampere load down to 1.75 volts per cell for a minimum time of 60 minutes.) There will be no charge except for transportation, recharging, and rental service. The two year warranty is in effect within 150 days from the manufacturer's shipping date stamped on the battery.

stored; or if a battery is used or of different origin than the one sold by General Electric for use in Elec-Trak tractors.

A pro rata adjustment certificate will be issued to the original purchaser by the Company upon issuance of the warranty registration by the GE company. This pro rata service adjustment is void if the battery is transferred to another owner. In event of an adjustment the customer will surrender his copy of this certificate to the battery dealer making the adjustment. If the service adjustment certificate has been lost, the dealer making the adjustment may request GE to issue a new one, providing the customer presents proof of original purchase. If some proof is not available, it should be assumed the battery was purchased in the month and year shown by the manufacturer's code date.

B. PRO RATA SERVICE ADJUSTMENT

Any battery which becomes unserviceable (not merely discharged) after two years of service, but before the expiration date of the service adjustment period, can be exchanged for a new battery on a pro rata adjustment basis. The pro rata cost is determined by dividing the current list price by the service adjustment period (60 months) multiplied by the months of ownership. Charges to the owner are based on the actual number of months of service delivered by the battery to be replaced.

This warranty and pro rata service adjustment policy does not apply in the following cases: damage due to neglect, abuse or lack of proper care and charging, including fire, wreckage or explosion; if the battery has been operated with insufficient water level or stored without being put on charge; if the container, covers or posts are broken; if the battery has been opened, frozen in cells, if electrolyte other than as recommended by the factory has been used; if the manufacturer's code markings have been de-
