Improvement Packages

MACHINE AND MODEL**SUBJECT**

In letter dated January 20, 1975 (copy attached), we announced the availability of Improvement Packages 121143 and 121144 for all large frame Electric Lawn & Garden tractors.

You were shipped and invoiced for the quantity of Improvement Packages needed for the large frame Lawn & Garden tractors which were shipped to you.

We are concluding this program and ask that you complete the following if not already done so:

1. If all the Improvement Packages have not been installed, please complete the installation at once.
2. The old lift motor must be returned to your region before warranty credit can be approved.
3. If all Warranty Claims have not been submitted, please do so at once. This program will be discontinued June 30, 1976.
