Electric 90 Mower

Specifications and design subject to change without notice.

EXPLANATION OF SERIAL NUMBER LISTING

An individual serial number is assigned to each Electric 90 Mower. All parts listed in this catalog are identified by this serial number. Only the last six numbers of the serial number are shown. When writing about or filling out warranty claims, use all eleven numbers and letters shown on the serial number plate.

Serial number information given on any page is applicable only to parts listed and illustrated on that page.

When the parentheses include only the dash (-)
the part is used on all Electric 90 Mowers, except as
noted in the heading or the description column.

When a serial number appears before the dash (000000-)
the part was introduced beginning with that serial
number and is still being used.

When a serial number appears after the dash (-000000)
the part was used up to and including that serial num-
ber but was not used after that serial number.

When serial numbers appear both before and after the
dash (000000-000000)
the part was used beginning with the first serial num-
ber but was not used after the second serial number.

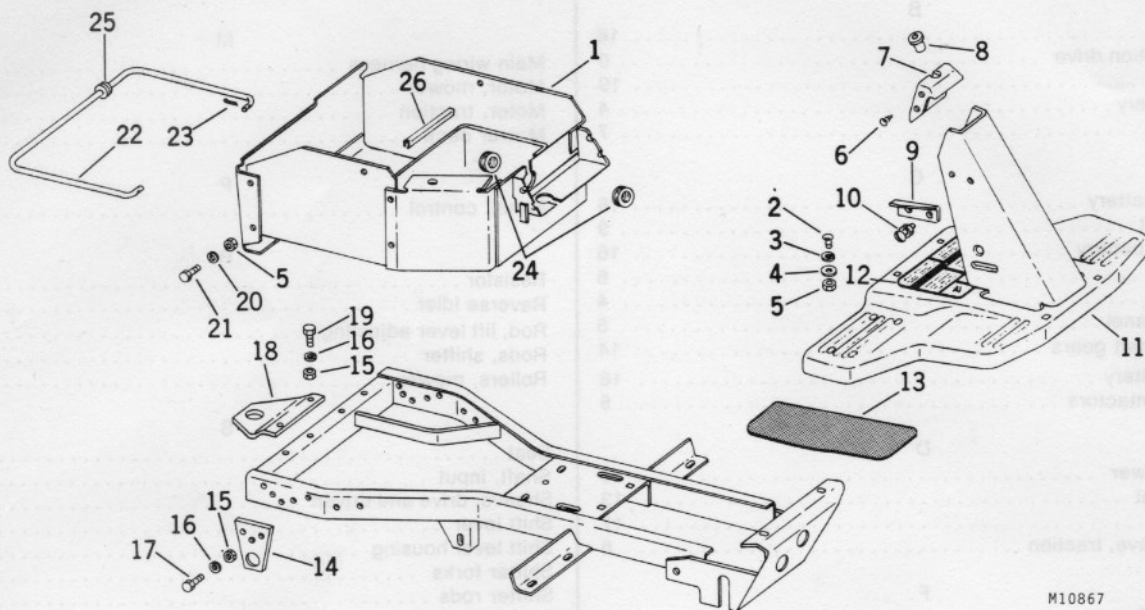

EXPLANATION OF PARTS LISTED AS "SERVICE ONLY"

Certain parts in this catalog are listed in the description column as "Service Only." These parts serve as a replacement or additional part for service instead of the part originally furnished. The serial numbers shown list the machines on which the "Service Only" part may be used.
